

ARCADIA VALLEY AS A SUMMER RESORT.

[Correspondence Columbia Reciprocity.]
Health is more valuable than money. While this is universally acknowledged by sensible people, yet judging from their conduct, most people disregard the fact, and rush madly, blindly, on to ruin, until it is too late for correction, and nothing but sad regrets remain with fatal results.

In the all important question of health, nothing is more important, than the character of the locality. Health cannot be secured or maintained where the air and water is impure. These elements are so essential to health, that every other essential combined cannot meet the hygienic demands of our physical organizations without pure air and water. Whole-some food, proper exercise, with all the necessary protection of our bodies against the atmospheric influences, can be secured generally anywhere, but pure air and water are to be found only in favored localities. They cannot be enjoyed in our large cities, nor in malarial regions, but are ever present and abundant in our mountain rural districts. Then when these healthy localities are near large cities, and easy of access, it would be the most rational and profitable thing for people to enjoy such blessings. Especially when we remember that the children with their mothers could spend the sickly season in these pleasant retreats more economically than in the cities, and enjoy not only the pure air and water, but the beautiful scenery of mountains, brooks and forests with flowers, birds and fishes in all the freedom of nature untrammelled.

Among the localities combining the most advantages in the great central valley of the Continent, none can surpass the beautiful Valley of Arcadia on top of the Ozark Mountains, 1100 feet above the Mississippi River; abounding in pure springs, fresh air, beautiful scenery, good society; on the Iron Mountain railroad, only 80 miles from St. Louis, with a daily extra train, in addition to regular trains. Some have already availed themselves of the choice opportunity, and have built nice cottages; others are building; land is cheap, so are building material and labor. Fruit and vegetables of almost every kind can be easily raised. In fact, summer residences with all the conveniences and benefits of home may be enjoyed at the minimum cost, with the greatest hygienic advantages. Having lived here 45 years, and practiced medicine most of that time, I feel confident in the truth of my statements, which will be corroborated by all who have lived here any considerable length of time.

BONANZA, Under I. O. O. F. Hall. Ironton, Mo.

pronounced by good judges to be as fine a horse as lives), by Moss Rose, from Saddle, by Montrose, 106, of national reputation.

First Dam—Sandusky Mare, by the noted Black Squirrel, 58, by Black Eagle, 74, that wore the blue over the noted Montrose.

Second Dam—Maggie S., by Stanhope's Black Hawk, by the noted Blood's Black Hawk.

Third Dam—Jay Bird, by Patty Burns, by Grey Eagle.

Fourth Dam—Patsy, by Grey Eagle, 4-mile Race Horse.

Stranger Boy's sire is Stallion, by Blood's Black Hawk, which gives Strange Squirrel a cross to Blood's Black Hawk on both sire's and dam's side. He runs on both sides through the most noted Kentucky Saddle, the 4-Mile Race Horse Denmark, by Imported Hedgeford.

This fellow is bred in the purple. Fine Combined Horses are on the boom.

FORREST PRINCE, 1893.

Foaled 1888, bred by Jas. C. Smith. Bay, 16.1.4 hands; black points, heavy main and tail, fine style, splendid way of going. Sired by Hudson, 2831, he by Kentucky Prince, 2470.

First Dam—Mollie Darling, by Edwin Forrest, 3539, (dam of the noted Forrest Time, 8023).

Second Dam—Bettie A. (grand dam of Christine, 2:25 1-4) by Tom Crowder, pacer, by Black Pilot.

Third Dam—Ball, by Ball Hornette, pacer, sire of the dam of Lucilla Gold Dust, 2:16.

Fourth Dam—Beck, by Cleveland's Whip, he by Blackburn's Whip, thorough bred.

Forrest Prince has proved to be a good breeder of size and color, and is as game a horse as ever looked through a bridle, and should sire speed, style and finish, for New York Drivers and Carriage Horses that are in demand at long prices, cannot go amiss by breeding to this fellow, for he is well bred, has proved a good breeder, with plenty of bone and good colors—bays and browns.

NOTICE.

Terms of Breeding, 1893.

I have been in the business for a number of years, and am thankful for patronage I have received. I have learned the only way to do justice to myself and patrons is by the season, money or note at time of service, with privilege of return next year free should the mare fail to be in foal. Should the horse or jack die, or be sold, money or note to be refunded. This way it gives me something for the service of my stock, to the patron a show for his money, and enable me to stand my stock for a less fee.

No better bred colt in Saddle Horse Register than Strange Squirrel, 669, and few as good. Forrest Prince is close up to the fountain head of trotters, combining the blood of Hambletonian 10, Mambrino Chief 11, Edwin Forrest 49, and two noted pacing strains. \$3 per season.

King Bee, 15 hands, Proven Mule Jack, \$7 for the season.

Good pasture and attention, \$2 per month. Respectfully yours, JAS. C. SMITH, Caledonia, Mo.
